

TECHNICAL INFORMATION SHEET

2K COMBI OVEN RINSE AID

Product Description

A specialist concentrated rinse aid for use through the integral cleaning system on combination ovens.

Features and Benefits

- Automatically dosed during the ovens cleaning programme.
- Neutralises any residual alkaline detergent ensuring an effective rinse process.
- Concentrated for maximum economy.
- Contains a special blend of non-ionic surfactants for rapid and spot and streak free drying on all cleaned surfaces in soft to hard water conditions.
- Specially formulated low foam product ensures efficient operation.

Use Instructions

For automatic dosing only – use only with integral dosage system on the combination oven. Concentration can be adjusted via the oven control systems to achieve a suitable level of rinse effectiveness.

Typical dilution rates are between 0.2 - 0.5ml / litre.

Safe Handling and Storage

See visual information to right.

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

Materials compatibility

Non-corrosive toward mild and stainless steel, polythene, polypropylene, crockery and soft metals at in use concentrations.
