TECHNICAL INFORMATION SHEET

SA81 TOILET CLEANER CONCENTRATE

Product Description

Highly concentrated acidic toilet cleaner suitable for the daily cleaning and freshening of toilets and urinals.

Features and Benefits

- Powerful and effective phosphoric acid based daily toilet cleaner.
- Forms a viscous gel on dilution for optimum cleaning efficiency.
- Effectively removes stains and deposits from toilet bowls and urinals.
- Regular use hinders limescale build-up.
- Non hazardous when diluted to recommended use rate.
- Extended contact time on vertical/ sloped surfaces for improved cleaning performance.
- Part of the unique SafeDose system, a key locked colour coded concentrate dosing system.

Use Instructions

For use with dosing equipment only. To connect bottle to dosing system remove the white transit cap. Do not remove the internal safety mechanism in the chemical bottle. Connect to the dosing system by screwing on the unique coloured coded safety cap.

Dilution

Bottle Fill – add 20ml to a 500ml bottle filled with water. Gently agitate the bottle to ensure the solution is mixed.

Toilet Cleaning

1. Flush the toilet bowl or urinal.
2. Gently squeeze the bottle to direct product under the rim, around the bowl and onto water/flush paths.
3. Allow at least 10 minutes contact time.
4. Agitate surface with a brush or sponge pad to remove difficult stains.
5. Flush to rinse.
6. Diluted solutions should be recharged after 7 days. Wash out bottle before refilling.

Safe Handling and Storage

See visual information to right.

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

Health & Safety

HAZARD AS SUPPLIED

Causes severe skin burns and eye damage.

HAZARD WHEN USED
AT RECOMMENDED
DILUTION.

Not classified. Wear gloves for prolonged use.
