TECHNICAL INFORMATION SHEET

5N CARPET SHAMPOO

Product Description

A concentrated low foam carpet shampoo for the cleaning of all types of carpets and upholstery.

Features and Benefits

- Carpet shampoo contains a special combination of effective, high foaming surfactants.
- Provides a consistent foam.
- Fresh lemon perfume.
- Excellent cleaning performance.
- Very short drying time.
- Leaves a pleasant scent.
- Shampoo residue is easily removed by vacuuming, thus hindering rapid re-soiling.

Use Instructions

1. Always test for colour fastness in an inconspicuous area before use.
2. Remove all movable furniture and thoroughly vacuum the carpet.
3. If necessary, use Carpet Spot & Stain Remover to remove spots and stains before cleaning.
4. Dilute Carpet Shampoo 1:100 parts warm water. (6-12ml in 1L water).
5. Shampoo the carpet following the equipment manufacturer's operating instructions.
6. Vacuum the carpet thoroughly to remove the dried foam and loosened dirt.
7. Re-set the carpet pile by brushing in one direction with a stiff, synthetic carpet brush and allow to dry completely before replacing furniture.
8. Allow the carpet to dry completely. The drying process is the most important step in this cleaning method. As it dries, the foam absorbs the soil and sets up the soil barrier to retard the re-soiling of the carpet pile in use.

Safe Handling and Storage

See visual information to right.

Full guidance on the handling and safe use of the product can be obtained from the Safety Data Sheet.

Store in original container.

Avoid extremes of temperature.

Health & Safety

HAZARD AS SUPPLIED

Causes serious eye irritation.
Wear gloves for prolonged use.

HAZARD WHEN USED
AT RECOMMENDED
DILUTION.

Not classified. Wear gloves for prolonged use.

Technical Information

Appearance: Yellow liquid

pH: 7.5 - 9.5

Relative density: 1.02

Odour: Characteristic

Solubility: Fully miscible in water

The above data is typical of normal production and should not be taken as a specification.

Other Information

Test colour fastness and material compatibility in an inconspicuous area before use.
